

# 10% Rebate on Select Brunswick Products!

## Ball Stop

Keep mechanics safe while working on the lane, pinsetter, and masking units. The “Ball Stop” blocks the entire lane and gutters, preventing balls from injuring the mechanic. The bright yellow color also alerts bowlers that the lane is being worked on. The unique system will adhere quickly to the lane even if it has oil on it. A must for all centers.

**Part #: 47-277455-009**

## OEM Plus™ Blue Deck Chute

Arguably the most functional urethane deck chute in today’s marketplace. Developed through a focused effort by Brunswick engineers, material scientists and bowling center mechanics. Designed to provide perfect balance between durability, slipperiness, and functionality.

- Injection molded using premium Bayer® urethane. Resulting in no cracks even after years of use

- A very low coefficient of friction allows the pins to easily pass through the chute with no pin jams.

- Backed by a 2-year warranty

**Part #: 12-200808-502 - #1**

**Part #: 12-200837-500 - #5**

**Part #: 12-200808-503 - #7/#10**

**Part #: 12-200900-500 - Multi**

## Foul Line Decal

Keep your bowlers safely behind the foul line with this Foul Line Decal. This USBC approved decal is easy and quick to install using the step-by-step instructions that are included. Made with Guardian, the decal glows under black light. Available in English and Spanish.

**Part #: 84-860266-000 - English - 6 pk**

**Part #: 84-860269-000 - Spanish - 6 pk**

## NOBODY KNOWS PINSETTERS LIKE BRUNSWICK KNOWS PINSETTERS

Brunswick introduced its first automatic pinsetter in 1956 and has been on the leading edge of pinsetter innovation ever since. So when it comes to OEM parts to support the maintenance and repair of your pinsetters, Genuine Brunswick Parts are the obvious choice. Brunswick engineers and mechanics work with suppliers to ensure the parts to support the GS® series of pinsetters are exactly what is required in form, fit and function. Brunswick designed the pinsetters, so who better to provide the parts needed to ensure the pinsetters meet your expectations.

For some of the most critical parts necessary to achieve great pinsetter performance, Brunswick has stepped it up a notch with Advanced Performance Genuine Brunswick parts. Advanced Performance Genuine Brunswick parts are the cream of the crop and are all backed by at least a 1-year warranty. Like all Genuine Brunswick parts, they are the originals – precision engineered for your equipment, refined with knowledge that can only be drawn from over 50 years of experience in the parts business.

To further enhance our knowledge of pinsetter operations we make a point of listening to and working with the mechanics who spend their working days with the machines. Over the years they have taught us a lot about the practical aspects of pinsetter operations. And in many instances mechanics have given Brunswick ideas for new or improved products that we have adopted. Many of our parts are the brainchild of mechanics.
