SBI REBUILT A2 PINSETTERS

The SBI Rebuilt Advantage

Whether building a new center or modernizing an existing center, budget-conscious proprietors often consider the purchase of a rebuilt Pinsetter. A favorite among mechanics, the legendary Brunswick A2 is by far the industry's first choice in rebuilt Pinsetters - and the best A2 on the market is from SBI.

When you purchase the SBI Rebuilt A2 Pinsetter, you get much more than a well designed, time-tested piece of equipment. You also receive :

The full backing of SBI's after-sale support and service.

Access to 24-hour technical support through SBI's emergency line.

The benefit of SBI's experience with the A2. We have been working with the A2 since 1977. No one knows the A2 like us.

Limited one-year warranty.

Our People Make The Difference

The SBI Rebuilt Pinsetters are installed in your bowling center by qualified technicians. Our technicians install the rebuilt A2 Pinsetters to perform to factory specifications. We send an installation team that takes the time and care to ensure that the job is done right.

Rebuilt by SBI

SBI Rebuilt A2 Pinsetters are disassembled and every major sub-assembly is carefully inspected. We thoroughly inspect and repair the main function areas of the A2 Pinsetter.

Technicians complete a thorough inspection and maintenance process. Each machine is re-assembled by SBI technicians and is thoroughly tested, calibrated, and certified before being shipped to you from our rebuilding center in Deerfield, WI, USA.

SBI Rebuilt Lane Machines

Purchase a Rebuilt Machine or Rebuild Your Own

Choose to purchase a SBI Lane Machine and you will enjoy all the benefits of a new machine without the new machine price. Lane Machines are completely rebuilt from the ground up.

Rebuilding your current machine is a cost effective way to transform your current lane machine into new condition once again. All lane machines are rebuilt from the ground up by our own lane machine technician.

Service From Th

Schemm Bowling was founded in 1977. We have since added Lane Services. We consider our SERVICE to be top

Pinsetter Service

We Service Brunswick Model A, A2's, and GS

The #1 name in bowling equipment service

Our service technicians have over 120 years of experience in the bowling equipment service industry. This experience allows us to fix your problem efficiently and within your budget. This saves you time and money!

Fix it the first time is our goal. Whether it is emergency service, scheduled service, or preventative maintenance, our service technicians not only fix your problem, but they quickly check the machine over to make sure everything is in working order.

We know you have a lot to worry about in your business. Let us give you peace of mind knowing that we will take care of your pinsetters.

The First The Beginning

as a Pinsetter Service Company in
the Machine service, and still
priority.

Brunswick 

Certified Technicians

Lane Machine Service

One of the most vital pieces of equipment in your bowling center is your lane machine. Don't risk having it serviced by a salesman or unqualified personnel. Let our SBI lane machine technicians service your Kegel or Brunswick lane machine. Have faith in knowing that we will have the expertise and parts on hand needed to solve any issue you might be having.

Save money... Let us tune up or rebuild your current lane machine. We will make your old machine run like new again.

Our technicians offer worldwide 24/7 tech support.

**WHEN YOU NEED A TECH
AND NOT A SALESMAN**

SBI Rebuilt Electrical Boxes

Why Should You Replace Your Electrical Systems?

- * Reduce your risk of injury.
- * Reduce maintenance costs for years.
- * New quick change components.
- * Easy to follow schematic.
- * Color coded and labeled wires.
- * New circuit breakers now replace expensive fuses.
- * No down time soldering in components or tracing wires that go to the wrong location.
- * All components are easy to change and available from SBI.
- * Customize your own electrical box to fit your centers needs.
- * Channels may be sold separately.

Looking for something special?

You have come to the right place.

The following items are SBI Exclusive parts & supplies. These are the items that our service technicians use in the field every day. If you would like more information on how a product works or a true recommendation, please call a technician today.

Looking for something special? Give us a call and we will see if we can find or make what you are looking for. We are mechanics and want to make your job easier.

Our website has more information about each item.

High Grip Ball Wheel Strips

**WHEN YOU NEED A TECH
AND NOT A SALESMAN**

- **Compressibility-** Cork with its special additives can be subjected to over 14,000 pounds of pressure per cubic inch and will snap back to its original shape.
- **Frictional Qualities -** Exposed cork cell form tiny suction cups resulting in high coefficient of friction. This surpasses both rubber and urethane.
- **Stability -** Tough and durable, cork retains all its properties almost indefinitely.
- **Manufactured in the USA** with a PSA backing so it can be installed in seconds! Sold in 25' rolls and is the most economical and durable traction material in our industry.

SB-100-SS

Ball Wheel Carpet Strips

No more “yo-yoing” of balls on the lift rods when you use these ball wheel strips. These carpet strips will not scratch the balls after it wears out. Hard rubber backing for better cement contact and ease of installation.

Approximately 1 3/4” x 19 3/4”

SB-4135

High Performance Ball Wheel Strips

Help eliminate ball return issues with our new high performance ball wheel strips. This durable high-tech foam material outlasts any other competing product on the market. We recommend 3-5 strips per ball wheel, applied with contact cement.

Package of 12 12” x 1.5” x 3/16”

SB-100-PR

Rough Top Ball Wheel Liner

The rough top ball wheel liner features a non-marking oil resistant neoprene surface. It comes in a 50’ roll and is 1/4” thick. The ball wheel liner is applied to the ball wheel with contact cement.
